

## Illinois Mayflower Society • Activity for Kids

# All Hands on Deck

Supplies:

- **Sturdy white paper plate**
- **Brown paint** (Crayola non-toxic paint washes off easily).
- **Markers, trims and glue**

Jane inspects her hands after making her hand print on the plate.

Is it a hand or a ship?

I added sails with white paper, a flag, some waves, and a decorative border. My granddaughter Jane is only two, so it will be fun to update this project when her hands are bigger and she can trim her own sails.
